## Home

RAJKOT MARINE LLC Group was established in 2003 as an Electrical and Automation solutions provider for the marine and offshore industry. We at Rajkot Marine are a team of highly coordinated faction of Engineers in the field of Marine Automation and electrical and having wide experience in marine and offshore industry. deliver solutions tailored to the unique requirements of each of our clients & have an outstanding track record of successfully completed projects, delivered worldwide.

All our solutions are designed to relevant industry standards and have been approved by various marine classification societies like DNV, ABS, BV, RINA, IRS, etc for installation and service on offshore installations.

We are technology-driven and specialists in the design, manufacture and commissioning of integrated solutions incorporating power generation & distribution, vessel control & monitoring systems.

The name and business strength has been earned by our organization today, is due to the professionally equipped and able staff, who have the varied experience in this Gulf Market and good knowledge of serving the customers to their satisfaction.

Our Experienced staff is well equipped to support your application include supply, installation and commissioning and sea trial process until you hand over the vessel to the end user. We take this opportunity to work with you whether it is new build projects or repair vessels.

We undertake turnkey projects in Marine Automation & Electrical engineering & design, installation, commissioning of Power Generation & Distribution, Fire detection systems, Propulsion Control & integrated machinery control, Engine control & monitoring systems.

## Quality Assurance

We have developed and implemented a quality management system complying with quality assurance in design, development, production, installation and servicing. At Rajkot, we never compromise quality for price. Our quality assurance certification our clients get exactly what they want. We have a simple philosophy of getting the job done on time and one budget, while still providing quality of service.

RAJKOT MARINE LLC - customer focused, and as such, we regularly survey our customers to ensure they are satisfied with our quality, level of service and the product and services supplied. We assess the information collected and make any required changes to ensure that Rajkot Machines has the highest level of quality and customer satisfaction.
